IMPORTANT NOTICE

GIVING UP PARTY LINES IN AN EMERGENCY

The Iowa law relating to intentional obstruction of emergency telephone calls reads as follows:

Section 1. For the purposes of this Act, the following terms have the meanings ascribed to them: 1. "Party line" means a subscriber's line telephone circuit, consisting of two or more main telephone stations connected therewith, each station with a distinctive ring or telephone number. 2. "Emergency" means a situation in which property or human life are in jeopardy and the prompt summoning of aid is essential. **Section 2.** Any person who shall intentionally refuse to relinquish immediately a telephone party line or public pay telephone when in-

formed that such line or telephone is needed for an emergency actually existing as defined in Section one of this act, for use in calling a fire department or police department, or for medical aid or ambulance service, shall be fined not exceeding one hundred dollars, or be imprisoned in the county jail not exceeding thirty days. **Section 3.** Any person who shall secure the use of a telephone party line or public pay telephone by falsely stating that such line or phone is needed for an emergency call shall be fined not exceeding one hundred dollars or be imprisoned in the county jail not exceeding thirty days.

HELPFUL INFORMATION

USING THE DIAL TELEPHONE

1. Look up and jot down the number. Keep it in front of you to help prevent dialing a wrong number.

2. Listen for the dial tone. It lets you know the equipment is ready to handle your call.

3. Dial the number as it is listed. Be careful not to confuse the numeral "0" (zero) with the letter "O"

In some exchanges you may omit the first two digits when dialing a local call. See Instructions for your exchange at the beginning of your listing section.

After dialing you will hear . . .

The ringing signal—a soft "burr-r-ring" sound repeated at intervals. It means that the telephone you dialed is ringing. Give your party time to answer—about ten rings—before you hang up.

Or the Busy Signal—a steady "buzz-buzz-buzz" sound. It means that the telephone you dialed is in use. Hang up and dial again later.

WHEN YOU HEAR A "BEEP" TONE

If you hear a high "beep" tone over your telephone about every 15 seconds it means the person with whom you are talking is recording your conversation. This signal is provided by the Telephone Company for your protection. Use of a recorder without this tone-warning device is contrary to the Company's tariffs and not permitted. If you do not want your conversation recorded, ask the person with whom you are talking to disconnect the recorder.

ATTACHMENTS to TELEPHONES

All equipment needed to provide telephone service is owned and furnished by the Telephone Company. In the interest of safety and good service, no attachment to the Telephone Company's lines or apparatus is permitted which may . . . (1) damage, require change in or alteration of, or involve direct electrical connection to the equipment or other facilities of the Telephone Company . . . (2) interfere with the proper functioning of such equipment or facilities, or impair the operation of the telephone system, or in any other manner injure the public in its use of the Telephone Company's services . . . (3) endanger the public or the Company's employees.

PERSONAL TELEPHONE DIRECTORY

To help keep numbers handy for placing local and long distance calls, just call or write your Northwestern Bell Telephone Co. Business Office for a personal telephone directory.

If you want the numbers of out-of-town persons or firms, they will be glad to provide them. Send a list of their names and addresses to your Business Office. They will add their telephone number and return it to you.

Your TELEPHONE NUMBER is IMPORTANT

It pays to make it easy for your customers to reach you. Why not include your telephone number on your stationery, statements and advertising pieces? Show your Area Code, too—it helps persons in other cities to call you faster.

TELEPHONE DIRECTORY

If your telephone directory is no longer serviceable, please call your Business Office for replacement at no charge.

Every reasonable precaution is taken to avoid errors in and omissions from the telephone directory, but the Telephone Company does not guarantee listings therein and shall not be liable for damages arising out of errors in or omissions from the directory except as provided for in its filed regulations and tariffs.

OUT-OF-TOWN DIRECTORIES

Directories of other cities can be obtained at a nominal cost. Your Business Office will be glad to order any you wish.

TELEGRAMS by TELEPHONE

In some exchanges, telegrams, cablegrams or radiograms may be phoned to the Western Union Company and charges placed on your telephone bill. Call your Business Office and ask if this service is available in your exchange.

RATES and REGULATIONS

Regulations and tariffs governing the furnishing of services by the Telephone Company are on file in your Business Office. If you wish, a representative will be glad to assist you in obtaining information from them.

LONG DISTANCE Calls

TYPES OF CALLS

STATION-TO-STATION

Call station-to-station if you wish to talk with anyone available at the telephone you call. Rates are lower than person-to-person. (Customers having direct distance dialing can dial their own station-to-station long distance calls.) Charging begins when someone at the called telephone answers.

PERSON-TO-PERSON

Call person-to-person when you want to talk to a particular person or reach someone at an extension telephone. Rates are higher than station-to-station. Charging begins when the called person or someone at the extension answers.

COLLECT

If you want to call "collect", please tell the operator at the time you place your call so she can obtain approval from the person you are calling.

LOWER RATES FOR NIGHT, SUNDAY AND HOLIDAY CALLS

Most rates are lower every night after 6 p.m. and all day Sunday, Thanksgiving, Christmas and New Year's Day. The lowest rates of all apply on station-to-station calls from 9 p.m. to 4:30 a.m. Time at the calling point determines which rate applies.

CONFERENCE

You can talk with several people in different places at the same time. Just tell the Long Distance Operator you want to make a conference call.

OVERSEAS CALLS

You can call practically all the world's telephones from your telephone. Tell the Long Distance Operator you wish to place an overseas call and give her the name of the country

and city you are calling. Reduced rates apply on calls to many countries during certain night hours and on Sundays.

DIRECT DISTANCE DIALING IN AMES

A new and faster way of placing station-to-station long distance calls.

Ames Telephone users can now dial direct to any one of more than 80 million telephones throughout the United States and Canada—almost as easily as dialing a next door neighbor.

For more information, see page 3.

CENTRAL IOWA IS THE 515 AREA

HOW TO USE AREA CODES

To speed the completion of long distance calls—by customers or Operators—the United States and Canada have been divided into over 100 long distance dialing areas—each with a three-digit number. Customers in this directory are in the 515 area.

These codes are used to call from one telephone area to another when the number being called has two letters and five numerals or seven numerals. It is not necessary to use the Area Code when calling another telephone in the same telephone area.

In Ames, when you dial a long distance call to a city that is outside your own area, it is essential that you also dial the area code or your call cannot be completed. (Do not dial the area code on calls to cities within your own area 515.)

When you place a call with the Operator, give the area code, then the telephone number you are calling.

A list of some 3000 places and their area codes begins on page 4.

WHEN YOU PLACE A CALL WITH THE OPERATOR.
For faster Long Distance service, give the Operator details of your call in this order: 1. The Area Code. 2. The telephone number you want. 3. Your number, when she asks for it.

DISASTER STRIKES

...telephone men and women
are on the job, backed by emer-
gency plans and equipment, do-
ing what needs to be done to
help keep your telephone serv-
ices ready to serve you.

Errands?
Visits?
Plans?

Your telephone—one of the most essential services
in your home—is ready to help you get things done
... ready to take your voice anywhere, anytime.

AREA CODES and TELEPHONE NUMBERS help speed all long distance calls

Time-saving hint for long distance calls placed through the Operator: the same Area Codes needed for Direct Distance Dialing also help speed calls your Operator handles for you.

Giving her the Area Code along with the number of the telephone you are calling means faster service . . . no waiting while the Operator looks up the Code or calls the distant city for the telephone number.

The first White Pages of this directory have helpful long distance calling information, a list of cities and their Area Code Numbers.

When you need

A PRODUCT OR SERVICE

If it's furniture just turn to "Furniture" in the "F" section. Look over the list of furniture dealers and then pick the dealer whose message, location, brand names, or other features appeal to you.

Whether you need a plumber or a florist, a TV repairman, a moving van, or any other product or service look under the appropriate heading . . . and you'll find them fast in the Yellow Pages.

When you want to

FIND A FIRM WHOSE FULL NAME OR ADDRESS YOU'VE FORGOTTEN

If, for example, you have forgotten the name of a real estate company you want to call but remember the address, check the listings under "Real Estate" until you come to the address and you'll recognize your firm.

Perhaps you can remember only part of the name . . . that "Suburban" is in the firm's name. Look through "Real Estate" listings and you'll, no doubt, quickly recognize the full name of the company.

When you want to

FIND A "BRAND NAME" PRODUCT OR SERVICE

If you want to know who handles "Britescreen Television Sets" just turn to "Television Dealers" in the Yellow Pages and look for "Britescreen Television" in alphabetical order, with Brite-screen dealers listed under it.

When you want to

FIND FIRMS OFFERING SPECIAL SERVICES

Need a tow truck in the middle of the night? Or a plumber or furnace repairman? You can find them fast in the Yellow Pages.

You can find out which restaurants are open on Sunday, where to get an ambulance or chartered airplane, rent a post hole digger or a wheel chair. A look in the Yellow Pages can answer a lot of questions, save a lot of time and trouble.

EVEN WHEN YOU KNOW THE NAME

AREA CODES and TELEPHONE NUMBERS help speed all long distance calls

Time-saving hint for long distance calls placed through the Operator: the same Area Codes needed for Direct Distance Dialing also help speed calls your Operator handles for you.

Giving her the Area Code along with the number of the telephone you are calling means faster service . . . no waiting while the Operator looks up the Code or calls the distant city for the telephone number.

The first White Pages of this directory have helpful long distance calling information, a list of cities and their Area Code Numbers.

AREA CODES and TELEPHONE NUMBERS help speed all long distance calls

Time-saving hint for long distance calls placed through the Operator: the same Area Codes needed for Direct Distance Dialing also help speed calls your Operator handles for you.

Giving her the Area Code along with the number of the telephone you are calling means faster service . . . no waiting while the Operator looks up the Code or calls the distant city for the telephone number.

The first White Pages of this directory have helpful long distance calling information, a list of cities and their Area Code Numbers.
